Visual Education Demonstrated at Fern Ave. P.T.A.

A demonstration of the use of visual education with fifth grade pupils participating in the study of "A Trip to a Radio Station" was presented before the Fern Avenue P.T.A. Tuesday afternoon by Mrs. M. Divizia, director of visual education for the Los Angeles city schools.

A nominating committee for president was chosen, consisting of Mmes. Roy Myers, John Garner, D. A. Murphy, L. F. Watson and Lillian Billups, principal of the school. Delegates to the 10th District convention Thursday, April 3, will be Mmes. Irene Davis, A. C. Steele, L. F. Watson, A. C. Turner, John Garner, H. E. Rampley.

Two new teachers at the school, Mrs. Jackson, first grade, and Mrs. Weaver, fourth grade, were introduced. Mrs. J. S. Hewitson, radio chairman of the 10th District, was presented by Mrs. John Garner. She gave an informative talk on radio programs and their effect on children as determined by various surveys.

Guests present were Mrs. J. E. Bender, president of 16th Street school P.T.A.; Mrs. J. O. Bishop of the High School P.T.A., and Mrs. W. H. Tolson of Elementary School P.T.A. Date of the "April Fool's Party" was changed from April 1 to April 2. Tea was served by Mmes. Rampley and Claude Pickett. Mrs. J. J. Millard presided at the meeting.

FAMILY REUNION AT PALM SPRINGS

Mrs. Ben Bendikson and children, Barbara and Danny; Mr. and Mrs. Dale H. Wright and Virgil Halsted of Maple Rapids, Michigan, spent Saturday and Sunday with their brother, Clive Wright, in Palm Springs.

They report the wild flowers to be carpeting the floor of the desert, but they are the small, low growing plants, with some verberna. The lupine is just beginning to bloom. Between Palm Springs and Banning the Joshua trees are blooming.

J. D.'S MOTHERS TO MEET MONDAY

Members of Job's Daughters Mothers Club will meet at the home of Mrs. Leslie Prince, 1618 Acacia st. Monday, March 31, at 2 p. m. Mmes. E. W. Lock and G. E. Miller will assist as co-hostesses.

FASHION PREVIEW

Good Housekeeping magazine for April scores a scoop with this smart spring dress because it forms a complete wardrobe. Accompanying the dress, which has a round neckline, a slender skirt with unpressed front pleats, is a jacket and a skirt. The dress may be worn by itself, or with the jacket. The jacket and skirt together make a whole new outfit.

JIMMIE WATSON IS TWO YEARS OLD

Little Jimmie Watson celebrated his second birthday Saturday afternoon when a group of relatives and friends were invited to his home, 1225 Cota ave. Group pictures were taken and a beautiful birthday cake was cut. Many gifts and toys were showered on the small boy.

A REPORT to America

The Ford Motor Company's business has always been to serve the needs of the American people. In providing them with low-cost transportation for the past 38 years, we have developed one of the country's largest and most useful industrial units. During a national emergency, we feel that these facilities should be devoted without reserve to our country's needs. Toward that end we started rolling months ago, with these results:

- 1 A \$21,000,000 Ford airplane engine factory, started only 6 months ago, is nearly completed. Production will start with an initial order for 4,236 eighteen cylinder, air-cooled, double-row, radial engines.
- 2 We are building a new \$800,000 Ford magnesium alloy foundry, one of the few in the country. It is already producing lightweight airplane engine castings.
- 3 Army reconnaissance cars—military vehicles of an entirely new type—are rolling off special Ford assembly lines at the rate of more than 600 a month. We have produced Army staff cars and bomber service trucks.
- 4 The government has given the "go-ahead" and work is now under way for the fast construction of an \$11,000,000 Ford plant to produce bomber airplane assemblies by mass production methods.

5 Several months ago work was started, on our own initiative, on an entirely new 1500 horsepower airplane engine especially designed for mass production. This engine is now in the test stage and plans are being developed for producing it in large quantities when and if needed.

6 A Ford aircraft apprentice school has been established, to train 2000 students at a time.

That is a report of progress to date.

The experience and facilities of this company can be used to do much of the job which America now needs to get done in a hurry.

Our way of working, which avoids all possible red tape, enables us to get results and get them fast. This benefits users of our products and workers who produce them.

We are ready to make anything we know how to make, to make it to the limit of our capacity if need be, to make it as fast as we can go, and to start the next job whenever our country asks us to. And to this end, we know we have the full confidence and loyal support of the workmen throughout our plants.
